アジア国際日本語学校

Welcome to AIJLS,

creating a society where Japanese and foreigners can live together in harmony.

The Asian International Japanese Language school is established with the aim of accepting talented international students who wish to learn Japanese, providing Japanese language education, contributing to the development of the local community.

We offer two courses gaining either JLPT N1 Advanced Level 2 for two years or JLPT N2 Intermediate Level 3 for one and a half years.

Studying a language isn't just about learning the words, we will also teach you about cultural norms, etiquette, society standards and share experienced insights on how to and where to enjoy your life in Japan.

We are dedicated to supporting and processing your visa applications with ease, ensuring your placement in our school.

Classrooms are equipped with projectors and high-quality lessons are conducted using ICT. Teachers and staff are always available in the office, so feel free to drop in if you have any questions or need advice.

Accommodation

We provide affordable, subsidised accommodation for our students. Moving to a new country isn't always easy, there's a lot of challenges to face and that's why we're there to offer options and help you get settled in.

AIJLS is based in Yawata City, a small but calm and safe town surrounded by nature, and conveniently located within the immediate vicinity of supermarkets, shopping outlets, convenience stores, and drugstores, making it an easy place to live.
